• Spaced Practice

- Study topics an hour or so every day
- Consistency is key- create a study plan ahead of time
- Don't forget to review old materials

• Retrieval practice

- Quiz yourself!
- Use tools like Quizlet
- After learning something new, try to recall as much as you can
- Write it down or verbally recall

• More study inspiration:

- Swap places with the professor (metaphorically!)
 - Teach the material you are studying to yourself or someone else!
